Sri K. HANUMANTHAIYA.—That again is a matter of opinion.

Sri H. C. LINGA REDDY.—Was it urged recently by the State Government before the Finance Commission that this financial integration agreement has crippled the revenue of Mysore and that it has to be revised and Mysore has to be paid more money by the Centre ?

Sri K. HANUMANTHAIYA.—Yes Sir, representation has been made along those lines.

Sri H. C. LINGA REDDY.—On account of this financial integration, is it not true that we are not in a position to finance and complete many of the major projects in the State ?

Sri K. HANUMANTHAIYA.—That does follow from this Agreement.

Sri H. C. LINGA REDDY.—Is there a proposal before the Government to send a few representatives of this House to urge the Finance Commission to revise the Agreement and pay Mysore more money for financing these projects ?

Sri K. HANUMANTHAIYA.—The Finance Commission is not in need of any such help.

Sri H. C. LINGA REDDY.—It has been said that the departments Nos. 13 and 14 are worked on agency basis. May I know the agency that is working these ?

Sri K. HANUMANTHAIYA.—The Mysore Government is managing these departments on behalf of the Government of India.

Sri H. C. LINGA REDDY.—What are the terms of the agency ?

Sri K. HANUMANTHAIYA.—It is not a commercial agency.

Sri H. C. LINGA REDDY.—On what basis the Central Government has to pay and the Mysore Government has to pay ? Are the Government in a position to furnish these details ?

Sri K. HANUMANTHAIYA.—As I said, the agency basis is for administrative purposes. My friend mistakes it for commercial purposes.

Mr. SPEAKER.—This question has been discussed on several occasions on the floor of this House.

Progress made in Food Production in the State under the Grow More Food Scheme.

Q.—63. Sri S. SRINIVASA IYENGAR (T.-Narsipur).—

Will the Government be pleased to state :—

(*a*) the total quantity of food-grains grown in the State in the year 1938 and acreage under cultivation (separate figures may be given under the heads Paddy, Ragi, Jola and Haraka) ;

(*b*) the date from which the scheme of Grow More Food campaign was introduced in the State and the total amount of money spent up to 1952 (yearwar statements may kindly be given) ;

(*c*) the total additional quantity of grains grown resultant on the additional expenditure up to 1951 (yearwar information may kindly be furnished) ;

(*d*) the total establishment on this account (yearwar information may kindly be furnished) and the percentage it bears to the total expenditure for the scheme ?

A.—Sri H. SIDDAVEERAPPA (Minister for Home Affairs and Agriculture).—

(*a*) Information for 1938-39 is noted below :—

Name of Crop	*Area in acres*	*Estimated production (in pallas)*
Paddy ...	735,602	3,935,843
Ragi ...	2,137,414	3,910,399
Jola ...	687,282	1,230,179
Haraka ...	82,447	(Information not being collected).

(*b*) October 1949.

Rs. 2,74,33,245. Statement appended below.

(*c*)

	Tons.
1949-50 ...	43,440
1950-51 ...	69,828
1951-52 ...	(Figures are not ready now).

(*d*) (i) Permanent establishments of the departments like Public Works, Agriculture, Electrical and Revenue are looking after the different items of work connected with G.M.F. besides the staff exclusively employed for the department working since 1949 as detailed in the statement appended.

(ii) Two per cent.

Statement showing the Government of India grants and loans and expenditure incurred thereon for Grow More Food Schemes for the year 1949-50 (April 1949 to June 1950).

IX.	Peons, Eight	18½-22

Sri S. SRINIVASA IYENGAR.—I have no supplementaries.

Implementation of the suggestions by the Co-operative Seminar with regard to Co-operative Farming.

Q.—465. **Sri D. R. KARI GOWDA** (Hassan).—

Will the Government be pleased to state :—

(*a*) the suggestion that were offered at the Co-operative Seminar on the system of co-operative farming ;

(*b*) which of those suggestions have been implemented by Government ;

(*c*) the expenditure incurred for the above Seminar ;

(*d*) the expenditure incurred till now to implement the suggestions offered at the Seminar ?

A.—**Sri H. SIDDAVEERAPPA.** (Minister for Home Affairs and Agriculture).—

(*a*) The following is a summary of the main suggestions and recommendations of the Co-operative Seminar with regard to the Co-operative Farming :—

(1) Four types of Co-operative Farming Societies with certain variations in each group to suit local conditions.

(2) The Multi-purpose Co-operative Societies should serve as Co-operative Better Farming Societies in their respective areas. The other three types of Co-operative Societies should be dealt with by different Co-operative agencies affiliated to the Circle or Taluk Multi-purpose Societies at their option.

(3) District *ad hoc* committees, with the Deputy Commissioner as Chairman, to aid in the location and organisation of the other types of Co-operative Farming Societies and a Central Board with the Minister for Agriculture as Chairman to guide and control the activities of these Societies may be constituted.

(4) Co-operative Collective Farming should be started only on Government cultivable waste land like Amrit Mahal Kavals, Date Groves, etc.

(5) Minimum and maximum extent and membership for each type of society are recommended.

(6) The free services of one Fieldman for each of the Tenant Farming Societies and one Agricultural Inspector for each of the District and Collective Farming Societies should be provided by Government.

(7) Waste lands granted to Farming Societies should be made fit for cultivation at Government cost and land revenue on these lands be waived for 3 years.

(8) Priority should be shown to these societies in respect of facilities given by the Development Departments.

(9) Training of workers for the efficient management of these societies is recommended.

(10) Grant of subvention to these societies in cases of loss in formative stages is recommended.
